# 1. Operational Services

## 1.1 Service Description

Normal Business Hours = 9:00 -17:30, Monday to Friday (excluding bank holidays)  
 Working Day – 8.5 Normal Business Hours  
 24x7 = 24 hours a day, 7 days a week

### 1.1.1 ANS Service

Service	Service Description	Service Hours
Incident Management		
Service Desk - Non Business Critical Faults	The Supplier provides access with relevant phone and email contact details to the Supplier Service Desk for non-critical system/service down and/or affected scenarios (P2/P3/P4).	Normal Business Hours
Service Desk - Business Critical faults	The Supplier provides 24/7 access with relevant phone contact details to the Supplier Service Desk for critical system down scenarios (P1) only.	24 x 7
Priority Escalation to Public Cloud Provider	Priority escalation to relevant Public Cloud Provider.	Normal Business Hours
High Priority Escalation to Public Cloud Provider	High Priority escalation to relevant Public Cloud Provider for Priority 1 business critical faults.	24 x 7
Change Advisory		
Change Guidance & Architecture Validation	The Supplier provides access to Change Advisory for: <ul style="list-style-type: none"> <li>Platform Architecture &amp; Configuration</li> <li>Infrastructure Code Validation</li> <li>Sprint Planning (Infrastructure)</li> </ul>	Normal Business Hours
Expert Access	The Supplier provides access to Cloud Experts for question/query Service Requests.	Normal Business Hours
DevOps - Release Pipeline	The Supplier's DevOps team will provide change advice to the Customer for infrastructure as code and CICD Pipeline.	Normal Business Hours
Application Load Testing	The Supplier's DevOps team will provide change advice to the Customer for the load testing plan of the infrastructure and application before release.	Normal Business Hours
Service Operations		
GLASS Portal Access	Customer access to ANS GLASS portal providing visibility of all Service related tickets, alerts and performance dashboards.	24 x 7

## 1.2 Incident Management

Incident Management for software issues is used for initial response and triage of the software issue and its impact. Resolution of the Incident may be a Request for Change to roll back another Change, a Software Defect Problem record being raised or a New Feature Request Problem being raised.

### 1.2.1 Incident Priority Table:

Affect	Business Impact		
	Minor	Moderate	Major
System/Service Down	P3	P2	P1
System/Service Affected	P4	P3	P2
User Down/Affected	P5	P4	P3

### 1.2.2 Incident Response and Escalation Table:

Priority	Response SLA	Specialist Review	Escalation Manager	Escalation Director	Notification Frequency	Target Resolution KPI
P1	30 Minutes	1 Hour	Immediate	Immediate	Hourly Email	4 hours
P2	1 Hour	2 Hours	4 Hours	None	GLASS Portal	1 Day
P3	4 Hours	1 Day	2 Days	None	GLASS Portal	10 Days
P4	1 Day	Never	Never	None	GLASS Portal	30 Days
P5	2 Days	Never	Never	None	GLASS Portal	None

For an Incident, "Response" is the time from when the ticket is first logged within the ANS ITSM Tool to the time that the Supplier responds with a suitably qualified Employed person whether via an email, GLASS Portal update, telephone call or in person. For detailed process flow see the current Managed Services Handbook. Support to provide a resolution shall be provided within Service Hours from the time of Response until the Incident has been resolved.

From the time of Response until resolution, updates shall be provided to the Named Contacts and/or Escalation Contacts by email or GLASS Portal updates at such frequencies as set out in the table above.

## 2. Service Levels, Key Performance Indicators and Service Credits

Category	Service Level Target	Minimum Service Level	Service Credits
P1 Incidents	100% of Incidents responded to within 30 minutes – 24x7 Service Hours.	100%	1st incident missed response time – 5% Service Credit 2nd incident missed response time – 10% Service Credit
P2 Incidents	100% of Incidents responded to within 1 Normal Business Hour.	Service credits apply from 2 <sup>nd</sup> failure within a calendar Month	1 <sup>st</sup> incident missed response time – 0% Service Credit 2 <sup>nd</sup> incident missed response time – 5% Service Credit 3 <sup>rd</sup> incident missed response time – 10% Service Credit
P3 Incidents	100% of Incidents responded to within 4 Normal Business Hours.	80%	<80% - 5% Service Credit
P4 Incidents	100% of Incidents responded to within 1 Working Day.	None	No Service Credit
P5 Incidents	100% of Incidents responded to within 2 Working Days.	None	No Service Credit
Root Cause	100% of P1 Incidents to receive a Root Cause Analysis within 10 Working Days of Resolution	None	No Service Credit

Service Credits are calculated as a percentage of the monthly Base Charge and in any event, shall not exceed 10% of the monthly Base Charge in the month that the Service Credit arose. Where a Service Credit is due it shall not accumulate with any other Service Credit and only one Service Credit can be offered within the monthly period.

### 3. Exclusions

The following are listed as exclusions, but this list shall not be considered complete or exhaustive and the Terms and Conditions should be consulted.

- a. New Feature Requests will be treated as a New Project Change
- b. Technical Advice to any persons not listed as a Named Contact
- c. Failure to meet SLA due to Public Cloud provider outages
- d. Failure to meet SLA due to lack of DR services due to application design
- e. Project Changes (Normal CR6) are excluded from the service and will be subject to Additional Service Charges. Project Changes are recorded within the Supplier ITSM Tool for Informational and approval purposes only.
- f. Change Advisory over 2 hours are subject to Additional Service Charges.

### 4. Customer Responsibilities

Including but not limited to:

- a. The Customer shall have an established contact that will raise tickets with the Supplier who ensures an agreed amount of triage has been completed before raising tickets with the Supplier
- b. Where required, the Customer shall make available appropriately skilled Employed persons while an Incident is being managed to help with troubleshooting
- c. The Customer is required to undertake an initial Impact Assessment before logging the Incident with the Supplier. Such Impact Assessment is to include:
  - a. Affected Services
  - b. Business Impact
  - c. Number & Type of users affected
  - d. Recent changes on Clients and related services (regardless of perceived impact)
- d. The Customer shall provide full administrative access to the Supplier to all the services outlined in the Impact Assessment and any subsequently identified services or provide persons with adequate access to allow investigations to proceed
- e. The Customer is responsible for all data and configuration backups without exception unless the Customer has taken the available Backup and DR service from the Supplier
- f. The Customer is responsible for completing a Request for Change (RFC) in accordance with the Supplier's Change Management Process
- g. The Customer shall ensure that all relevant Customer employees have access to and have read the Supplier's Managed Services Handbook
- h. The Customer shall ensure an on-going availability of suitable Internet connection (if not provided by the Supplier)
- i. The Customer shall ensure 24x7x365 availability of a suitable Escalation Contact should the Supplier need to gain approval for an Emergency Change or to engage other aspects of the Customer's support functions
- j. The Customer shall provide suitable notice to any planned/scheduled maintenance that could affect the Customer Supported Assets including environmental changes. Failure to do so may result in Additional Service Charges.
- k. If the Customer requires the Supplier to provide onsite hands and eyes support then this will be subject to Additional Service Charges.
- l. It should be noted that the Customer shall report Business Critical Incidents via telephone only. The Supplier cannot offer any Service Levels or Service Credits for Business-Critical Incidents raised via email.
- m. The Customer must have Amazon Web Services (AWS) support where the Public Cloud Provider used is AWS (Where the Public Cloud Provider used is Azure The Supplier has Microsoft Premier Support).

## 5. Assumptions

- a. Where AWS is used All Customer Supported Assets and Production AWS Accounts within the Customer Supported Assets within this Contract are covered by a valid software maintenance and support agreement in line with this Contract Service Levels
- b. Where Azure is used the Customer can make use of the Suppliers Microsoft Premier Support contract as part of the service.
- c. The following Services increase cloud consumption at the customers expense:
  - o DevOps – Release Pipeline
  - o Application Load Testing
- d. All Customer specific pre-requisites have been completed before contract commencement
- e. Change Requests will be subject to Additional Service Charges.

## 6. Pre-Requisites

- a. Registered Partner of Record and/or AWS Associated Partner registration
- b. Administrative Access Permissions for ANS Engineers on supported Subscriptions / Accounts

## 7. Partner of Record

ANS' Managed Cloud for Azure incorporates Microsoft Signature Cloud Support for any issues that require escalation to Microsoft. In order for this to be able to be fulfilled, Microsoft leverage information collected from the Partner of Record (PoR) system to assign back end support rights. As such ANS must be registered as the digital PoR on any Subscriptions that contain or contribute to assets under support or management for the entire duration of the agreement. Consequently, the Customer shall, prior to the Commencement Date arrange for ANS to be registered as the PoR on all Subscriptions that contain or contribute to assets under support or management for the entire duration of this agreement.

## 8. Amazon AWS Associated Partner

Amazon AWS' partnership status is heavily reliant on demonstrating working relationships with AWS consumers, Amazon leverage information collected from the associated partner system to assign partnership status. As such ANS must be registered as the associated partner on any accounts that contain or contribute to assets under support or management for the entire duration of the agreement. Consequently, the Customer shall, prior to the Commencement Date arrange for ANS to be registered as the associated partner on all accounts that contain or contribute to assets under support or management for the entire duration of this agreement
